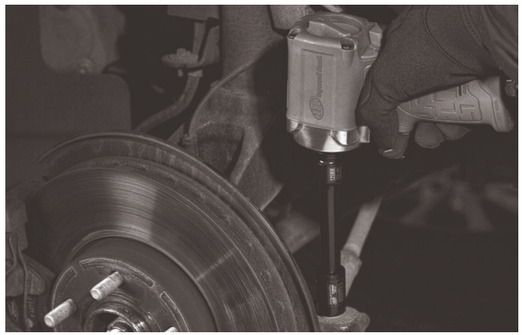
# BREAKTHROUGH THINKING
## FROM AN INDUSTRY LEADER

**For more than 100 years, Ingersoll Rand® has inspired progress by driving innovation with revolutionary technology and creating new standards for how the world gets work done. We're proud of our legacy for developing ruggedly reliable, class-leading industrial technologies and outstanding customer service and technical support.**

Today, Ingersoll Rand is a multi-billion dollar global company that has built a reputation as an industry leader. Turn to us for breakthrough thinking, the finest equipment and a true partnership at every stage of your operation. Whether you need equipment, parts and service, technical support, training, consulting —or virtually anything in between — you can trust Ingersoll Rand to deliver.



# WHY PARTNER WITH
## INGERSOLL RAND?

### UNMATCHED QUALITY & DEPENDABILITY

**COST SAVINGS** through durable, longer lasting products and ease of maintenance and serviceability.

**INCREASED PRODUCTIVITY** from high performance and efficient operation for more up time and less worker fatigue.

**COMMITMENT TO QUALITY** by providing maximum comfort, safety, efficiency even in most unique and demanding applications.

### COMPREHENSIVE SOLUTIONS FOR YOUR BUSINESS

**STREAMLINED SALES & OPERATIONS** by eliminating the costs associated with multiple suppliers

**PRODUCT EXPERTS** provide solutions and technical expertise for all the products we offer.

# THE POWER TO PERFORM

Whether you are repairing, servicing, and or performing maintenance on fleets of vehicles, Ingersoll Rand® can help you increase productivity and drive down maintenance costs. With our broad assortment of products and 100+ years of experience, we can be your source for power tools and material handling needs.

### COMMERCIAL FLEET MAINTENANCE

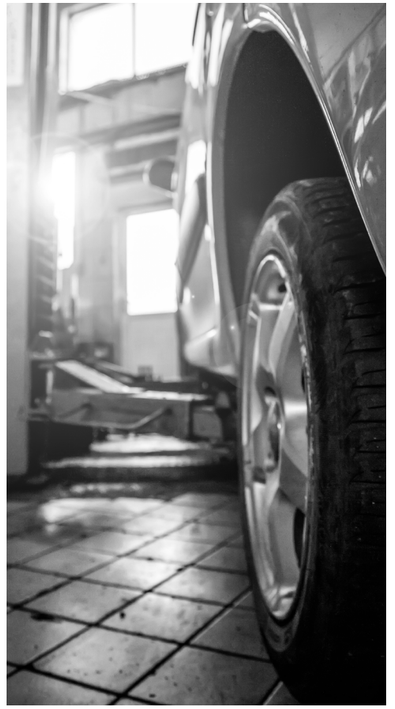
Ingersoll Rand products and services are useful for performing preventative and corrective maintenance on a wide variety of fleet vehicles and equipment including commercial or city fleet vehicles; tractors and trailers; delivery vehicles; fire, police, and public utility vehicles and apparatus, and various other commercial vehicles. This includes work on gas and diesel engines, hydraulic systems, and air brakes, among many other applications.

### TRANSIT

Our products are used in a variety of applications involving repair, servicing, and maintenance on varying types of transit systems, including buses, vans, light and heavy rail, streetcars and other equipment. Whether you're making major repairs, rebuilding major components (such as engines or transmissions), replacing parts, or other things, Ingersoll Rand will help you get it done easier.

### PASSENGER VEHICLE MAINTENANCE

Professional technicians have relied on Ingersoll Rand for quality and performance on the toughest jobs. From dealerships to garages, count on genuine Ingersoll Rand air and cordless tools for all your grinding, cutting, drilling, fastening and finishing needs.



# A FULL RANGE OF PRODUCTIVITY SOLUTIONS

## TIRE LANE

### Maintenance Duty Pneumatic Impacts

- ¼" to 1" Drive Sizes
- MAX torque ranging from 25 to 2,100 ft-lbs
- Durable, high-quality, impressively powerful, and have added features for frequent or rigorous applications

### Ultra-Compact Impact Wrench

- At 2.4 pounds this tool still manages to produce 640 ft-lbs of nut busting torque making it a power-to-weight leader in its class
- There is no place for work to hide; as this compact design gives the user the access and power they need, even if the task is up, under, over, or around any awaiting obstruction.

### Cordless Impacts

- 3/8" and 1/2" Drive Size
- IQv Power Control System:

  Includes 4 modes:
  - MAX Power
  - Mid Power
  - 2 Torque Limited modes;
    -Wrench Tight and Hand Tight

### Low Speed Tire Buffer

- Ideal for patchwork, roughing areas for recapping, and cleaning tire moldings a breeze

### Pinstripe / Wheel Weight Removal Tool

- With an ergonomic design and lightweight materials, this tool is easy to use in every orientation
- Operating at 3,700 RPM, this tool is ideal for removing decals, pinstripes, and other adhesives without damaging your paint job

## PAINT & BODY

### Drills

- 3/8" & 1/2" Chuck Sizes
- Economical, high-quality drills for all your drilling, cylinder honing, reaming, and hole-sawing

### Grinders

- 0.25 to 0.33 horsepower motors, straight and angle configurations
- 20,000 to 28,000 rpm
- Designed with advanced features and convenient upgrades to deliver the powerful performance and superior comfort you need

### Sanders

- Durable, lightweight, and low vibration producing ultra high-quality finish

## LUBRICATION

### Cordless Lubrication Tools

- IQV High operating pressure and flow rate powers through clogged fittings, quickly delivering grease and reducing job time
- Powered by Ingersoll Rand's 20V lithium-ion battery platform

## MECHANICAL

### MAX Series Pneumatic Impacts

- 3/8" to 1" Drive Size
- MAX torque ranging from 25 to 2,100 ft-lbs
- Class-leading MAX family of tools offer superior ergonomics and the best power-to-weight ratios on the market

### Quiet Technology Pneumatic Impacts

- 3/8" to 1" Drive Size
- Stubby impact option
- Patented Quiet Tool technology reduces sound levels caused by air pulsating through the impact motor without comprising power

### Ratchets

- ¼" to ½" Drive Size, available in pneumatic and cordless
- MAX Torque of 25 to 65 ft-lbs
- Specifically engineered with enhanced ergonomics

### Cordless Compact Impacts

- 3/8" and ½" Drive Size
- MAX Torque of 400 to 550 ft-lbs
- IQv Power Control System:

  Includes 4 modes:
  - MAX Power
  - Mid Power
  - 2 Torque Limited modes;
    -Wrench Tight and Hand Tight

## HEAVY DUTY

### 3/4" Drive Size Pneumatic Impacts

- Deliver higher torque to power through even the toughest bolts on lighter duty vehicles
- MAX Torque of 1,050 to 1,350 ft-lbs
- 3" and 6" extended anvils available

### 1" Drive Size Pneumatic Impacts

- Engineered to make quick work of big jobs like semi, bus and tractor tires
- MAX Torque of 1,475 to 2,100 ft-lbs
- 6" extended anvils available

### World's Most Powerful 1" Cordless Impact Wrench

NEW!

- Up to 3,000ft lbs of nut busting torque, and 2,200ft lbs of tightening torque
- IP56 rated for tough environmental conditions
- IQv Power Control System includes 3 modes: MAX Power, MID Power, and Snug

Ingersoll Rand

# A FULL RANGE OF ACCESSORY SOLUTIONS

# ACCESSORIES

## Professional-Grade Impact Sockets

- Broad range of SAE and metric sizes from 3/8-inch to #5 spline square drive
- Offered as individuals and sets
- Extensions, adapters, and retainers available

## PowerSockets®

- Power ring power ring design creates increased torque up to 50% on 1/2” impact wrenches to tackle the toughest jobs
- Limited-lifetime Warranty

## Couplers, Plugs, and Hoses

- 1/4-inch, 3/8-inch, and 1/2-inch sizes
- Composite safety coupler
- Air swivels for reduced operator fatigue
- Bulk hoses, hose whips, universal hoses, and self-retracting coils range from 1/4- to 3/4-inch inside diameters

## Filters, Regulators and Lubricators

- Low leak rates
- All modular design
- Full line accessory set
- Locking bowls for safety
- Bright, flush mount gauge with settable fan feature
